

# Installing Packer

The easiest way to install and license is by using the [aescripts + aeplugins manager](#)

## Install Manually

### 01 Place files in ScriptUI folder

Place the following files in your ScriptUI Panels folder for your version of After Effects.

**Packer.jsx**

**Mac OS:**

/Applications/Adobe After Effects <version>/Scripts/ScriptUI Panels

**Windows:**

C:\Program Files\Adobe\Adobe After Effects <version>\Support Files\Scripts\ScriptUI Panels

### 02 Changing Packer Settings

If you want to change how Packer creates folders in After Effects you can watch [this video](#).
